I am/we are making a submission on the application for resource consent described below

Name of applicant Peter + Lynda Goulden Council ref LU2300005  
Proposal 109348 - Brentwood Ave Street Tree Removal.

In general I/we (please ✓ appropriate box)

- Support the application  Oppose the application  Neutral

The particular parts of the application I/we support/oppose or wish amendments to be made to are (please ✓ appropriate box)

- Whole application, or (Attach any additional sheets used)

We support the removal of the Magnolia Trees and the replanting with Natives (Titoki). We would like to see as many of the 'additional' trees planted [in consultation with the neighbours] into areas of the green space and the bush reserve which adjoins it - located at the end of Brentwood Ave. Additional comment:

A boardwalk through the bush reserve to protect tree roots should be a consideration. At present illegal diggings to build BMX tracks in the bush are causing die back of the existing Native Trees.

A copy of your submission must be served on the applicant as soon as reasonably practicable after service of your submission on Whangarei District Council

Paperwork attached ① Where extra plantings might go ② Photo of dieback. Note you will have a video on file of the culprit who hacked this tree with loppers [approx date 25/09/2021.]

The reasons for making my/our submission are (Attach any additional sheets used)

We are affected residents of Brentwood Ave

I/we wish Whangarei District Council to make the following decision

(please ✓ appropriate box and if appropriate give details of the nature of any conditions sought)

Approve the application

Decline the application

Extra trees if planted in to the Green space - [where they border onto neighbours] should be in consultation - so that future growth and shading do not impinge onto these properties.
